

SPECIFICATIONS: CAST BRONZE PEDESTAL:

ITEM NUMBERS:

3 Leg
Pedestal

AB3701.68

Bronze Patina

It is possible to order the Alchemy drain assembly with different finishes for the tail piece and drain cap. For example, If the Pedestal will be supporting Alchemy's Pure Gold sink, order the combination Gold/Oil-Rubbed Bronze Drain Assembly to have the tailpiece match the Pedestal and the cap match the sink.

NOTES: The Cast Bronze Pedestal is a single piece 3-legged pedestal shell-cast in solid bronze and finished with a hand-rubbed patina. Pieces are shipped from Alchemy with a coating of paste wax which can be buffed and/or reapplied at any time the piece starts to look a little dull. The Bronze Pedestal supports the 18" (standard size) above-counter Alchemy bowl - the 15" bowl and oval undermount sinks do not fit in this pedestal. Be sure to order the P-Trap and drain tail piece in Oil-Rubbed Bronze to match the Pedestal's patina.
